INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

This paper is being filed to advise the U.S. Patent Office of information which may be considered "material to patentability" in examining this patent application, in accordance with the provisions of 37 C.F.R. §1.56.

The present application is derived from International Application No. PCT/FR2003/002884, and was filed pursuant to 35 U.S.C. §371. The following documents are noted for being cited in the Search Report issued during the international stage of the International Application.

FR 2,604,245 (Gautreau) - Published: March 25, 1988

Copies of the above-listed documents should already have been received by the U.S. Patent Office, and the foregoing documents have been listed on the two (2) PTO-1449 forms which have been enclosed with this Information Disclosure Statement to facilitate the Examiner's acknowledgement of the above-listed documents.

The U.S. Patent Office is further advised of an earlier search which was performed relative to French Patent Application No. 02/13427, the priority of which is claimed in connection with

the present application. A copy of the issued Search Report, No. FA 624737, is enclosed with this Information Disclosure Statement. The documents cited in the French Search Report duplicate the documents cited in the PCT Search Report.

The U.S. Patent Office is further advised of an earlier filed International Application, No. PCT/FR98/00857, which was assigned the U.S. Patent Application No. 09/423,144. The Search Report issued for International Application No. PCT/FR98/00857, and a Search Report (No. FA 542705) issued for French Patent Application No. 97/05700, the priority of which was claimed in connection with International Application No. PCT/FR98/00857, cite the same documents, including:
